Product Specification Sheet

Targus Wireless Numeric Keypad

Part #: AKP11EU

Product Description:

The Targus Wireless Numeric Keypad allows users to type numbers into spreadsheets and other applications quickly and easily. The full-size 19mm concave keys improve speed and accuracy by making it easier to locate and press the numbers you are looking for. The integrated ergonomic tilt provides added comfort which helps reduce wrist strain after a long work day. Wireless technology provides a cordless workspace allowing the keypad to operate up to 2 metres away from the receiver. For added convenience, the receiver stores inside of the device when not in use so it is easy to locate whether in the office or on the road. An integrated battery indicator light also lets users know when batteries are low so they are sure to have replacements when needed. An integrated ON/OFF switch lets you further save battery power when not using the keypad. The Targus Wireless Numeric Keypad provides large comfortable keys which make it easy to work on financial applications in the office or during travel.

Product Features and Specifications:

- Functionality - Full sized concave keys are comfortable and large for increased accuracy; great for those working on spreadsheets, accounting files and financial applications
